RightStart Easy Payment Plans

SonicSpider offers easy payment plans on all RightStart Website packages.

If you are buying services online:

- The different types of payment plans available for any given services will be listed under “Payment Options”. Typically 3, 6 or 9 month payment plans can be offered.
- Select the one you would like and click the “Buy” button.
- You will make for first payment immediately online.
- The payment system will automatically create a recurring charge for the remainder of your payments.
- SonicSpider will automatically charge your card approximately the same time each month until the payment plan is done.

Payment Plan Terms of Service

- In order to qualify for payment plans clients must host their website with SonicSpider's “Sonic Hosting Service” .
- You will make your first payment immediately online when you “purchase” the services you need. Simply select which payment plan you want, if more than one is offered.
- Each payment has a \$6 payment service charge attached.
- SonicSpider will automatically charge your credit card approximately the same time each month until the payment plan is complete.
- Your credit card information is store on the PCI compliant servers at PayPal, Inc.
- Any additional requested services are paid separately from the original payment plan and the services it is covering.
- All hosting, domain name and email set up and support are charged separately from any payment plans.
- There will be a \$25 administration fee for any declined credit cards and reactivation of hosting services.
- If a payment is missed due to a declined credit card, hosting and access will be suspended immediately until the payment status of your account is resolved.
